2008-present Hillsborough County Prescription Drug Taskforce
2007-present Pasco County Alliance for Substance Abuse Prevention Committee
2001-present Tampa Alcohol Coalition
2006-2010 Board of Directors Hillsborough County Anti-Drug Alliance Committee
2006-2010 Family Dependency Treatment Court Steering Committee
2006-2009 Hillsborough County Forensic Intensive Case Management (FICM) Steering Committee
2006-2010 WMNF Volunteer Committee Chair and Volunteer Rep for Board of Directors

HONORS AND AWARDS

Student Awards

- 2014 *Jennifer Lanza, Outstanding Research Paper Award, Summer Research Institute (SRI)@FMHI, University of South Florida, Tampa, FL. Reflections of Male and Female Youthful Offenders on Their Experiences in a Drug Court Treatment.*
- 2014 *Mara Richman, Outstanding Poster Award, American Psychological Association, Washington, DC. Findings from a drug court program of female offenders with trauma-related symptomatology.*
- 2014 *Nicole McBride, Outstanding Poster Award, Southeastern Psychological Association, Nashville, TN. Alcohol expectancies, underage drinking, and consequences among college students.*
- 2013 *Nicole McBride, Outstanding Research Paper Award, Summer Research Institute (SRI)@FMHI, University of South Florida, Tampa, FL. The role of alcohol expectancies and underage binge drinking among college students.*
- 2013 *Amanda Armstrong, Recipient of The Moms Project Undergraduate Research Assistantship award and Office of Community Engagement Scholarship. Parenting styles and perceptions of coercion among family dependency treatment court participants.*
- 2013 *Melissa Barongi, Recipient of The Moms Project Undergraduate Research Assistantship award and Office of Community Engagement Scholarship. Substance-abusing parents in child welfare: treatment outcomes examining parenting skills and self-efficacy.*
- 2013 *Blake Barrett, M.S.P.H., Best College of Public Health Graduate Student Poster Presentation, USF Health Research Day, University of South Florida, Tampa, FL. Do drug court participants reduce their levels of substance use over time, and does this differ by younger and older adults? Application of a mixed-effect, mixed-distribution model.*
- 2012 *Jessica French, Outstanding Research Paper Award, Summer Research Institute (SRI)@FMHI, University of South Florida, Tampa, FL. Assessing client and staff attitudes toward using methadone in a medication- assisted drug court treatment program.*
- 2011 *Ashley Ogle, First place, Poster Presentation in Behavioral and Social Sciences, Undergraduate Research Symposium, University of South Florida, Tampa, FL. Characteristics of prescription drug-related deaths in Hillsborough County.*
- 2010 *Blake Barrett, B.A., First place, Excellence in Scholarly and Creative Research by an Undergraduate, Undergraduate Research Symposium, University of South Florida, Tampa, FL. Factors predicting arrest for homeless persons receiving integrated residential treatment for co-occurring disorders.*
- 2009 *Adam Carlton, First place, Paper Presentation in Behavioral and Social Sciences, Undergraduate Research Symposium, University of South Florida, Tampa, FL. Treatment recovery orientation, consumer empowerment, and satisfaction with services: A mediational model.*
- 2009 *Tegan Lesperance, Second place, Poster Presentation in Behavioral and Social Sciences, Undergraduate Research Symposium, University of South Florida, Tampa, FL. Examining the relationship between trauma and risky sexual behavior in a substance-involved sample.*
- 2006 *Melissa Harrison, M.A., Runner-up, Outstanding Paper Award, Southeastern Psychological Association, Atlanta, GA. Implementing the CCISC model for individuals with co-occurring disorders: Preliminary findings from a residential facility serving homeless individuals.*
- 2013 USF Office of Community Engagement's Community Scholars Fellowship Award
- 1994-1996 Postdoctoral Fellowship Award, Center for Aging, Duke University Medical Center
- 1993 Applied Psychology Center Graduate Research Fellowship, Dissertation Award
- 1993 Graduate Student Research Award

PROFESSIONAL EXPERIENCE

Research Associate Professor, Department of Mental Health Law and Policy, Florida Mental Health Institute, University of South Florida, Tampa, FL (2010-present). Duties include research, teaching, training, and supervision and mentoring of undergraduate and graduate students. Major areas of emphasis include co-occurring mental health and substance abuse disorders, jail diversion, family dependency, juvenile and adult drug court, and alcohol policy.

Research Assistant Professor, Department of Mental Health Law and Policy, Florida Mental Health Institute, University of South Florida, Tampa, FL (2004-2010). Duties include research, teaching, training, and supervision of undergraduate and graduate students. Major areas of emphasis include co-occurring mental health and substance abuse disorders, jail diversion, family dependency and juvenile drug court, and alcohol policy.

Coordinator of Statistical Research, Department of Mental Health Law and Policy, Florida Mental Health Institute, University of South Florida, Tampa, FL (1999-2004). Responsible for managing numerous community-based research projects including a four-year SAMHSA-funded practice to research collaborative.

Project Director, Psychological Assessment Resources, Tampa, FL (1997-1999). This position involved reviewing submitted proposals and working with psychologists of accepted projects to ensure their reliability, validity, quality, and utility. Responsible for coordinating a multidisciplinary team, guiding project design, developing items, preparing test manuals, and providing input software design and testing.

National Institute of Aging Post-Doctoral Fellow, Duke University Medical Center, Durham, NC (1994-1997). Responsible for the overall operation of a five-year NIMH funded grant evaluating the efficacy of exercise training alone and in combination with a standard pharmacologic therapy in the treatment of depression in older adults.

Research Assistant, Department of Psychology, Kent State University, Kent, Ohio (1989-1994). Involved in assisting on a research grant examining life-sustaining treatment issues pertaining to the elderly population. Responsible for data collection and analysis, as well as the preparation of manuscripts for publication and dissemination of research findings.

Research Associate, Human Services Research Institute (HSRI), Cambridge, MA (1986-1989). Responsible for the overall operation on an outcome study for Psychiatric Institute of America (PIA), and data management for various projects. This entailed data entry, data analysis, and interpretation of results.

Research Assistant, University of Massachusetts, Amherst, MA (1983-1986). Involved in assisting on a 5-year NIMH Training Grant. Responsible for data entry, data analysis, and interpretation of results for several research projects.

GRANT AND CONTRACT FUNDED PROJECTS

Evaluation of Smart Supervision: Reducing Prison Populations, Saving Money, and Creating Safer Communities

Funding Agency: US Dept. of Justice, Bureau of Justice (BJA)

Funding Period: 10/1/14 to 9/30/17

Amount Award: \$750,000

FMHI Award: \$120,000

Principal Investigator: Pinellas County Dept. of Corrections

Project Role: Co-Principal Investigator and responsible for the overall evaluation of the project that includes a baseline, 6-month, and 12-month client follow-up as well as process evaluation.

Synopsis: To implement evidence-based supervision strategies in order to improve probation and parole success rates in order to improve public safety, reduce admissions to prisons/jails, and save taxpayer dollars.

Evaluation of Hillsborough County Family Dependency Treatment Court (FDTC) Grant

Funding Agency: SAMHSA, CSAT

Funding Period: 10/1/12 to 9/30/15

Amount Award: \$750,000

FMHI Award: \$102,000

Principal Investigator: Hillsborough County 13th Judicial Court

Project Role: Principal Investigator and responsible for the overall evaluation of the project that includes a baseline, 6-month, and 12-month client follow-up as well as process evaluation.

Synopsis: To provide residential and outpatient treatment utilizing the evidence-based model "Nurturing Parents" to substance-abusing parents in the child welfare system. The goal of the program is to engage parents in continuous treatment relationships, ultimately becoming substance free and having skills to become better parents.

Evaluation of Pinellas County Adult Drug Court (*YouCan!*) Grant

Funding Agency: SAMHSA, CSAT

Funding Period: 10/1/12 to 9/30/15

Amount Award: \$900,000

FMHI Award: \$105,000

Principal Investigator: Pinellas County Justice and Consumer Services

Project Role: Principal Investigator and responsible for the process evaluation of the project.

Synopsis: To provide outpatient treatment utilizing two evidence-based models (i.e., CBT-MET and Seeking Safety) to young adult male and female offenders (18 to 26 years old) involved in drug court whose primary drug of choice is prescription drugs. The goal of the program is to engage these clients into continuous treatment relationships, ultimately becoming substance free, and no criminal recidivism.

Skills for Improving Distress Intolerance (SIDI)

Funding Agency: National Institutes of Drug Abuse

Funding Period: 9/1/12-8/31/17

Amount Award: \$3,100,000

Principal Investigator: Marina Bornovalova, Ph.D.

Project Role: Co-Principal Investigator and responsible for assisting PI with study protocols and project oversight as well as serve as community liaison for this project.

Synopsis: To conduct a randomized clinical trial with 325 clients entering a residential substance use treatment facility. Study participants will be randomized into two treatment groups: (1) those receiving SIDI and (2) those receiving Supportive Counseling (SC). Participants will receive 10 treatment sessions over a period of 4 months and then be followed for one year to examine treatment retention and abstinence.

Summer Research Experience at Florida Mental Health Institute (SRI@FMHI)

Funding Agency: National Institutes of Health

Funding Period: 6/1/12-5/31/17

Amount Award: \$500,000

Principal Investigator: Paul Stiles, Ph.D.

Project Role: Co-Principal Investigator and responsible for coordination of research and community field experiences as well as high school component.

Synopsis: This initiative will implement an intensive Summer Research Institute (SRI) for undergraduates and high school students. The SRI will facilitate the pursuit of undergraduates and high school students to attain advanced education in mental health research in order to enhance the future pool of successful researchers working in this area.

Institute for Translational Research in Adolescent Behavioral Health Grant

Funding Agency: NIDA

Funding Period: 4/1/12 to 3/31/17

Amount Award: \$1,780,445

Principal Investigator: Julie Baldwin, Ph.D.

Project Role: Academic mentor and will work with scholars and community partners to develop a service learning research project.

Synopsis: To develop, cultivate, and disseminate an innovative model of research education that addresses best practices for translational research in the field of adolescent behavioral health, as it relates to substance abuse and co-occurring disorders.

INACTIVE

Statewide Coordinator of Collegiate Success Initiative

Funding Agency: Department of Education

Funding Period: 8/1/11-7/31/13

Amount Award: \$470,000

FMHI Award: \$270,000

Principal Investigator: Larry Schonfeld, Ph.D.

Project Role: Co-Principal Investigator and responsible for the statewide coordination and training.

Synopsis: The goal is to mobilize campus and community coalitions to change the environment that supports high-risk underage use of alcohol. The initiative will increase effective collaboration at the campus/community level.

Assessing the Feasibility of Family-Based Interventions among Latino Families in Juvenile Drug Court

Funding Agency: University of South Florida

Funding Period: 6/1/12-5/31/13

Amount Award: \$2,500

Principal Investigator: Celia Lescano, Ph.D.

Project Role: Co-Principal Investigator and responsible for coordinating focus group in Juvenile Drug Court (JDC).

Synopsis: This project will evaluate the feasibility of a culturally congruent family-based risk reduction intervention for Latino youth and their families enrolled in the JDC program. We will conduct focus groups with 20 Latino families currently enrolled in the JDC.

Evaluation of Low Demand Safe Havens for Homeless Veterans

Funding Agency: Department of Veteran Affairs

Funding Period: 3/1/11-2/28/13

Amount Award: \$50,000

Principal Investigator: M. Scott Young, Ph.D.

Project Role: Co-Principal Investigator and responsible for the project management.

Synopsis: The purpose of this study is to evaluate low demand safe havens for homeless veterans. Four different sites that have implemented low demand shelters will be assessed for fidelity including: (1) interviewing program staff, (2) reviewing program materials and administrative data, and (3) observing program facilities.

Evaluation of Hillsborough County Adult Drug Court (Medication-Assisted Drug Court Treatment (MADCT))

Funding Agency: SAMHSA, CSAT

Funding Period: 10/1/09-9/30/12

Amount Awarded: \$900,000

FMHI Award: \$180,000

Principal Investigator: Hillsborough County 13th Judicial Court

Project Role: Principal Investigator and responsible for the overall evaluation of the project that includes a baseline, 6-month, and 12-month client follow-up as well as a process evaluation.

Synopsis: To provide client outcome (baseline, 6-month, and 12-month follow-up) and process evaluation for outpatient treatment that is providing substance abuse treatment for felony offenders with opioid dependency. The program will utilize the Global Assessment of Individualized Needs (GAIN), Medication-Assisted Treatment, and the Matrix Model.

Evaluation of Pinellas County Adult Drug Court (*WeCan!*) Grant

Funding Agency: SAMHSA, CSAT

Funding Period: 10/1/08 to 9/30/11

Amount Award: \$900,000

FMHI Award: \$105,000

Principal Investigator: Pinellas County Justice and Consumer Services

Project Role: Principal Investigator and responsible for the process evaluation of the project.

Synopsis: To provide outpatient treatment utilizing an evidence-based model (i.e., CBT-MET) to female offenders involved in drug court whose primary drug of choice is prescription drugs. The goal of the program is to engage these clients into continuous treatment relationships, ultimately becoming substance free, and no criminal recidivism.

USF's Center on Co-occurring Disorders, Justice, and Multidisciplinary Research (CJM)

Funding Agency: National Institute of Health (NIH)

Funding Period: 9/30/09-9/29/11

Amount Awarded: \$1,400,000

Principal Investigator: Roger Peters, Ph.D.

Project Role: Co-Principal Investigator and responsible for CJM'S *Research Team* which will coordinate key research activities, including review of pilot projects.

Synopsis: The objective of the CJM Center is to enhance the effectiveness of interventions for offenders with CODs within the justice system by: (a) identifying promising intervention strategies, and (b) testing these interventions in theory-informed pilot studies. The Center will fund three new faculty members in order to conduct significant and innovative research within the area of co-occurring disorders and criminal justice.

Evaluation of Housing Programs for Homeless Veterans

Funding Agency: Department of Veteran Affairs

Funding Period: 9/1/09-8/31/11

Amount Award: \$500,000

Principal Investigator: Colleen Clark, Ph.D.

Project Role: Project Coordinator and responsible for the project management.

Synopsis: The purpose of this study is to: (1) evaluate community-based housing services, (2) define key features of the housing and associated services, (3) determine criteria that measure these features, and (4) conduct assessments to describe the housing options.

Evaluation of Treatment for Homeless Grant (“Home 2 Recovery Charlotte County”)

Funding Agency: SAMHSA, CSAT

Funding Period: 10/1/06 to 9/30/11

Amount Award: \$2.25 million

FMHI Award: \$275,000

Principal Investigator: Coastal Behavioral Health Care, Inc.

Project Role: Co-Principal Investigator and responsible for the overall process evaluation of the study.

Synopsis: To provide integrated services for homeless adults with severe and persistent mental illness using an assertive community treatment model. The goal of the program is to engage these adults into continuous treatment, increase housing stability, and minimize mental illness

Evaluation of Treatment for Homeless Grant (“Hillsborough Assertive Community Treatment”)

Funding Agency: SAMHSA, Center for Mental Health Services (CMHS)

Funding Period: 7/1/05 to 6/30/10

Amount Award: \$2,250,000

FMHI Award: \$200,000

Principal Investigator: Mental Health Center, Inc. (MHC)

Project Role: Project Director and responsible for the overall evaluation of the project that includes a baseline, 6-month, and 12-month follow-up.

Synopsis: To provide integrated services for homeless adults with severe and persistent mental illness using an assertive community treatment model. The goal of the program is to engage these adults into continuous treatment relationships, increase housing stability, and minimize mental health symptoms.

Evaluation of Family Dependency Treatment Court (FDTC) Grant

Funding Agency: SAMHSA, CSAT

Funding Period: 10/1/06 to 9/30/09

Amount Award: \$1,200,000

FMHI Award: \$165,000

Principal Investigator: Hillsborough County 13th Judicial Court

Project Role: Principal Investigator and responsible for the overall evaluation of the project that includes a baseline, 6-month, and 12-month client follow-up as well as a process evaluation.

Synopsis: To provide intensive outpatient treatment program utilizing two evidence-based models (Nurturing Parents and TRIAD) to substance-abusing parents who are involved in the child welfare system. The goal of the program is to engage these parents into continuous treatment relationships, ultimately becoming substance free and having skills to become better parents.

Evaluation of Jail Diversion Grant (“Hillsborough County Jail Diversion”)

Funding Agency: SAMHSA, CSAT
Funding Period: 4/30/06 to 4/29/09
Amount Award: \$1,350,000
FMHI Award: \$153,000
Principal Investigator: Mental Health Center, Inc. (MHC)
Project Role: Co-Principal Investigator and responsible for the overall evaluation of the project that includes a baseline, 6-month, and 12-month follow-up.
Synopsis: To provide jail diversion services for adults with co-occurring mental health and substance abuse disorders using a forensic intensive case management model. The goal of the program is to engage these adults into treatment relationships, reduce substance abuse, and minimize mental health symptoms.

Pinellas Hope Follow-up Grant

Funding Agency: USF Collaborative
Funding Period: 7/11/08 to 6/30/09
Amount Award: \$12,500
Principal Investigator: Sondra Fogel, Ph.D.
Project Role: Co-Principal Investigator and responsible for the follow-up of 100 former residents of Pinellas Hope.
Synopsis: To conduct interviews with a sample of 100 former Pinellas Hope residents at 6 months to examine how self-sufficiency (e.g., not returning to homeless status) is being maintained. The research findings provided by this grant will impact future local decisions and state policy regarding homeless and housing services for this population and determine future directions for Pinellas County in terms of serving the homeless population.

State Prevention Framework Strategic Incentive Grant (SPF SIG)

Funding Agency: SAMHSA
Funding Period: 9/30/06-9/29/07
Amount Award: \$35,000
FMHI Award: \$30,000
Principal Investigator: Hillsborough County Anti-Drug Alliance
Project Role: Co-Principal Investigator and responsible for the needs assessment and strategic planning.
Synopsis: To provide a local needs assessment report and strategic planning for Hillsborough County Anti-Drug Alliance. The goal of the project is to identify gaps in substance abuse services and identify potential strategies for more effectively providing these services. Upon completion of the needs assessment, a series of consensus building sessions will be facilitated to develop comprehensive and integrated strategic planning activities.

Evaluation of the Northeast Florida Addiction Network (“NEFAN”)

Funding Agency: FMHI
Funding Period: 1/1/05 to 12/31/06
Principal Investigator: Florida Mental Health Institute
Project Role: Principal Investigator and responsible for the overall evaluation of a managing entity that includes both Districts 4 and 12.
Synopsis: This formative evaluation includes: (1) timeliness of service delivery, (2) treatment and cost effectiveness, and (3) consumer satisfaction.

Evaluation of Driving Under the Influence Program

Funding Agency: Byrne Memorial Law Enforcement Trust Fund Grant
Funding Period: 10/1/04 to 9/30/05
Amount Award: \$300,000
FMHI Award: \$25,000
Principal Investigator: Hillsborough County Sheriff's office (HCSO), State Attorney's (SA) Office, and Tampa Crossroads
Project Role: Project Evaluator and responsible for the overall evaluation of the three agencies and activities involved to reduce drinking and driving.
Synopsis: The HCSO, SA's Office, and Tampa Crossroads initiated an enforcement-prosecution-treatment collaboration in which HCSO increased its DUI enforcement, prosecution hired a DUI prosecutor, and the treatment component served 100 repeat DUI offenders.

Evaluation of Creating a Responsible Thinker (CART) Program

Funding Agency: Eckerd Family Foundation
Funding Period: 10/1/03 to 4/30/05
Amount Award: \$100,000
FMHI Award: \$20,000
Principal Investigator: Tampa Crossroads
Project Role: Project Evaluator and responsible for the evaluation of the CART program that includes a baseline, posttest, and 3-month follow-up.
Synopsis: The CART program is a crime prevention program aimed at "at-risk" youth and their parents. The curriculum, entitled "Life Puzzles" is a practical model for designing a responsible life. This is a six-week program for children and their parents and information was collected at baseline, posttest, and at three-month follow-up.

BayCare Health System Mental Health Crisis Stabilization

Contract Agency: Bay Care Health
Contract Period: 9/1/03 to 2/28/04
Amount Award: \$12,000
Principal Investigator: Kathleen Moore, Ph.D.
Synopsis: To collect information from three psychiatric emergency rooms within BayCare Health Inc. over a two-month period. The primary goal of this project is to conduct an evaluation of these psychiatric emergency departments in order to assist in more effective crisis intervention services.

Evaluation of Treatment for Homeless Grant ("Keystone Project")

Funding Agency: SAMHSA, CSAT
Funding Period: 6/1/03 to 9/30/06
Amount Award: \$1,800,000
FMHI Award: \$180,000
Principal Investigator: Agency for Community Treatment Services, Inc. (ACTS)
Project Role: Project Evaluator and responsible for the overall evaluation of the project that includes a baseline, 6-month, and 12-month follow-up.
Synopsis: To provide integrated services for homeless adults with co-occurring mental health and substance abuse disorders in a residential treatment program. The goal of the program is to engage these adults into continuous treatment relationships, reduce substance use, increase housing stability, and minimize mental health symptoms.

Training Initiative for Juvenile Drug Court Treatment Counselors

Funding Agency: Hillsborough County Children's Board

Funding Period: 6/1/02 to 9/1/02

Amount Awarded: \$17,480

Principal Investigator: Kathleen Moore, Ph.D.

Synopsis: A 90-hour training *"Building Exemplary Systems for Training Youth Workers (BEST) Initiative"* for substance abuse counselors within the Juvenile Drug Court system. The goal of the training is to increase substance abuse counselor's skills to understand a youth's risk and protective factors.

Home-Based Assessments for Diversion-Eligible Youth

Funding Agency: Hillsborough County Children's Board

Funding Period: 1/1/02 to 3/31/04

Amount Awarded: \$20,000

Principal Investigator: Kathleen Moore, Ph.D.

Synopsis: A pilot study to conduct home-based assessments of diversion-eligible youth ages 15 years and younger who are substance-use involved.

TEACHING EXPERIENCE

Undergraduate Directed Study (Fall, 2014-present), course offered through Dept. of Behavioral Healthcare major, mentored three students: (1) Florida Youth Substance Abuse Survey (FYSAS) Outcome Results for student Jaqueline Rivera, (2) Underage Drinking and Its Consequences for student Lisa Rivera, and (3) Substance-Abusing Parents in Child Welfare: Treatment Outcomes for student Melissa Barongi.

Undergraduate Honor's Thesis (Fall, 2014-present), course offered through Honors College, mentored one student's project "College Students' Perceptions Regarding Synthetic and Prescription Drugs" for student Rachel Gates.

Applications of Research in Community Settings (Fall, 2014), Instructor for 1-credit course offered through Behavioral Healthcare major within College of Behavioral and Community Sciences.

Alcohol Drugs and Crime (Spring, 2014-present), Instructor for 3-credit course offered through Behavioral Healthcare major within College of Behavioral and Community Sciences.

Proseminar II (Spring, 2013-Spring, 2014), Instructor for 2-credit course offered through BRIDGE program within College of Behavioral and Community Sciences.

Graduate Directed Study (Fall, 2013-present), course offered through BRIDGE program within College of Behavioral and Community Sciences, mentored three students: (1) "Effects of Acupuncture Treatment for Clients with Substance Abuse Issues" for BRIDGE student Kritti Battri, (2) "Substance-Abusing Parents in Child Welfare: Treatment Outcomes Examining Parenting Skills and Self-Efficacy" for BRIDGE student Melissa Barongi, and (3) Evaluation of Child Welfare Outcomes in a Family Dependency Treatment Court (FDTC) Program" for BRIDGE student Alexander Cardona.

Co-Occurring Disorders (Spring, 2012-present), Instructor for 3-credit core course offered through Behavioral Healthcare major within College of Behavioral and Community Sciences.

Community Field Experience (Fall, 2012-Fall, 2013), Instructor for 2-credit course offered through BRIDGE program within College of Behavioral and Community Sciences.

Introduction to Research (Fall, 2010-present), Co-Instructor for 1-credit course offered through Behavioral Healthcare major within College of Behavioral and Community Sciences.

Undergraduate Directed Study (Spring, 2012), course offered through Behavioral Health Sciences Research Minor, Dept. of Mental Health Law and Policy, mentored one student project entitled “Reasons for Homelessness among Individuals with Substance Abuse Disorders” for student Justine Alemany.

Graduate Directed Study (Fall, 2010-Fall, 2011), course offered through Dept. of Criminology, mentored two students: (1) dissertation project entitled: “Gender Differences in a Pinellas Drug Court Opioid Addiction Treatment Program” for Ph.D. graduate student Eugena Givens, and (2) directed study project entitled “Client Perceptions of Motivation for Change” for master’s graduate student Sarah Ehlke.

Undergraduate Directed Study (Fall, 2010-Fall 2011), course offered through Dept. of Criminology, mentored one student project entitled “Trends in Prescription Drug-Related Deaths for Hillsborough County” for student Ashley Ogle.

Undergraduate Directed Study (Fall, 2010-Fall 2011), course offered through Behavioral Health Sciences Research Minor, Dept. of Mental Health Law and Policy, mentored two students: (1) project entitled “Attitudes toward Medication-Assisted Treatment within a Drug Court Program” for student Caroline Allison, and (2) Project entitled “Motivation Strategies for Clients within a Drug Court Program” for student Roberta Clancy.

Discovery: People, Problems, and Processes (Fall, 2007-10), Instructor for 2-credit course offered through USF Office of Undergraduate Research and the Honors College.

Graduate Directed Study (Fall, 2009), course offered through Dept. of Criminology, mentored student research project entitled: “Comparative Differences and Similarities of Drug Abuse in the United States and China” for graduate student Eugena Givens.

Undergraduate Research (Fall, 2008, Spring, 2009), Mentor for two honors students conducting their research with our Family Dependency Treatment (FDTTC) grant: (1) Motivational Factors for Substance-Abusing Parents in the Child Welfare System for student April Nelson, and (2) Exploring Risky Behaviors and Trauma in a Substance-Abusing Population for student Tegan Lesperance.

Undergraduate Directed Study (Fall, 2007), course offered through Behavioral Health Sciences Research Minor, Department of Mental Health Law and Policy, mentored two student projects: (1) Continued Evaluation of Family Dependency Treatment Court for student Shawn Martin, and (2) Implementation of Goodwill-Suncoast Industries, Inc. Nurturing Parents Program for student Stevette Johnston.

Evidence-Best Practices for Co-Occurring Mental Health and Substance Abuse Disorders (Spring, 2005-2009), Guest Lecturer for Exemplary Practices in Behavioral Health class, USF Department of Mental Health Law and Policy.

Research Experience for Undergraduates (REU) Summer Research Institute (Summer, 2005-2009), course offered through Florida Mental Health Institute, oversaw research and field experience and mentored student research projects entitled: (1) “Preliminary Client Outcome Results from a Pinellas County Drug Court Project” for student Yvette Guereca, Summer 2009 (2) “Evaluation of a Jail Diversion Program Utilizing Forensic Intensive Case Management” for student Chelsea Heinz, Summer 2008 (3) “Policy Evaluation of a Family Dependency Treatment Court” for student Shawn Martin, Summer 2007; (4) “Alcohol Policy Evaluation in Hillsborough County, FL” for student Amanda Grohosky, Summer 2006; and (5) “Treatment Evaluation of Clients with Co-Occurring Disorders” for student Daryl Flink, Summer 2005.

Graduate Directed Study (Spring, 2006), course offered through Dept. of Criminology, mentored student research project entitled: “Evaluation of a Cognitive Therapy Treatment Program for Repeat DUI Offenders” for graduate student Melissa Harrison.

Health Psychology (Spring, 2006), University of Tampa Department of Psychology, Tampa, FL.

Social Psychology (Spring, 1992; Spring, 2002), Kent State University Department of Psychology, Kent, OH;
University of Tampa Department of Psychology, Tampa, FL.

General Psychology (Fall, 1992 – Spring, 1993; Spring 2000 – Fall 2004), Kent State University Department of Psychology, Kent, OH; University of Tampa Department of Psychology, Tampa, FL.

Abnormal Psychology (Fall, 1993), Kent State University Department of Psychology, Kent, OH.

Psychology of Adjustment (Fall, 1993), Kent State University Department of Psychology, Kent, OH.
